

GUIMARÃES & BRAGA PRIVATE EXPERIENCE

This tour starts in Guimarães where Portugal was born with a visit to the castle from where Don Afonso Henriques (Portugal 1st King) governed the kingdom. You will discover the narrow and medieval streets, important squares and historic sites.

Not far away from Guimarães (couple kilometers) you reach Braga, founded by the Romans around 2000 years ago, and named Bracara Augusta. The city mix tradition, history and modernity, a important university and technology center.

We will visit the historic city center, churches, and beautiful architecture and understand why the history of the city often confused with the history of the bishops due to church influence.

Those two unique cities know how to blend, in the best way possible, history and heritage with the dynamism and entrepreneurship that characterize modern cities.
